PHONE COMPANY ASKS U. S. COURT FOR RATE RAISE

Suit Filed After Decision Is Returned in Favor of Augusta-Aiken Railroad and Electric Company.

PETITIONER CLAIMS LOSS IN OPERATION

Asserts Refusal of Rail Commission to Boost Rate Has Resulted in Confiscation of Property.

Following a decision rendered Wednesday in the United States district court in favor of the Augusta-Aiken Railroad and Electric company by the issue of a temporary restraining order against the Georgia railroad commission's interference with the fixing of a 10 cent street car fare, a similar suit was filed Thursday by the Fruit Belt Telephone corporation, of Fort Valley.

One American Boy, Found in Belgium, Presents Problem

Washington, June 9.—One American small boy, his only known name being "Mike," is waiting at Liege, Belgium, for the huge machinery of the United States government to find a home for him. He was found, with worn clothes and without money, on a road near the Belgian border last January and told the American consul he had lived in Trenton, Texas, but was sent away on a cattle ship by an older brother because he had fought with another boy.

U. S. Boat Accused Of Unwarranted Attack at Sea

Miami, Fla., June 9.—Subsucker No. 205, recently purchased from the navy department by E. H. Sulzer, of Brooklyn, N. Refusal of Oregon to Sign Proffered Treaty Acknowledged as Straining Relations.

NEW PETROLEUM TAX ALSO MUDDIES WATERS

Washington, June 9.—(By Constitution.)—That the relations between the governments of the United States and Mexico are strained again, following the published refusal of President Obregon to sign a treaty with this country as a condition of mutual diplomatic amity, is no secret, intensified as it must necessarily be by the claimed unwarranted imposition by Mexico of an additional 25 per cent tax on petroleum.

Text of Article

"No treaty shall be authorized for the extradition of political offenders, or of offenders of the common law, who have been slaves in the country where the offense was committed. Nor shall any agreement or treaty be entered into which abridges or modifies the guarantees and rights which this constitution grants to the individual and to the citizen."

of property validly acquired, there will be no obstacles to the most advantageous relations between the two peoples.

These are the conditions set forth in the treaty of commerce and amity proposed.

In the meantime oil interests today deluged the state department with protests as the latest disturbing element in the situation, the Mexican increase of the petroleum tax.

Representatives of the oil companies pointed out that the recent increases had been imposed by decree, which, it was claimed, was unconstitutional, since the constitution provided for such action by decree only in cases of "the suspension of guarantees," a provision in Mexican law corresponding closely

to the declaration of martial law. It also was insisted that the present decree was unfair and tantamount to confiscation.

With the situation tense, and the interventionists busy propagandizing congress for action, the state department will not yet abandon hope of having the whole matter between the two governments reviewed with the possibility of the Mexican president receding from his alleged position. This government, however, will not change one iota from its made public Tuesday night, and will so inform the Mexican president in an uncertain language.

within the past two years, during which time the greater part of the company's constructive work has been accomplished, the total amount of reproduction costs aggregated \$59,325. These figures, less depreciation, are the return value given for the year 1920.

The verification of the contention that a loss exists at present in all operations, figures were introduced showing the following summary of 1920's total operations: Total earnings, \$19,022.72; total operating costs, \$18,647.85; total profit, \$374.87. Of this amount of profits, numerous expenses incidental to the company's operations have to be defrayed, in addition to 8 per cent interest on an outstanding loan on notes aggregating \$13,000.

For the first quarter in 1921, figures are given as follows: Gross receipts, \$4,518; total operating expense, \$4,518; loss, about \$400.

Attorney Webster said all the company was asking is that the court approve a 6 per cent return on all property for the entire 15 months, all of 1920 and the first quarter of 1921, figures are given as follows: Total earnings, \$22,550; expenditures, \$24,833.

As in the case of the Southern

Telephone company, the Fruit Belt company repudiates the right of the commission arbitrarily fixing rates on a public utility as necessary for the public welfare as railroads. It contends that discrimination has been manifested by allowing certain utilities to increase rates proportionate with the increase in living costs, while others have not been allowed such increases.

Officials of the Fruit Belt company state that operation as a company cannot continue at a loss, unless relief is given. Since, they assert, the commission has evinced a tendency not to show an interest in their plight, they took the only step which could render aid in the present emergency.

**Decision Set Precedent.**

The decision of the Augusta-Alken railroad case rendered by Judge Sibley is interesting, since, to a certain extent, it established a precedent in dealing with public utilities.

"The decision," said Judge James K. Hines, special attorney for the commission, "opens no new way for a public utility to get into court. The street car fares and electric rates prescribed for it by the railroad commission were insufficient to yield a fair return upon the value of its property. The court upheld its contention as to street car fares, but denied its contention as to electric rates."

It was learned from an authoritative source that the Georgia railroad commission was not expected to appeal the decision in the long-standing railroad case. The chief reason being that the commission had no available funds with which to pay expenses of litigation proceedings.

# Success of Municipal Curb Market Growing; Produce Prices Lower

The municipal curb market was conducted Thursday with its usual success, a constant stream of customers with the ever-present market basket availing themselves of the numerous price reductions.

Prices seemed to fall even lower than usual, and Mrs. Norman Sharp, chairman of the market committee, the Women's club, stated that continued heavy patronage is making it possible to make prices more attractive each day.

# PLANS CONSIDERED FOR JUNIOR FROLIC

A meeting of the executive committee of the junior chamber of commerce was held last evening at the commerce building for the purpose of considering a plan for the "Junior Frolic," to be held Friday night, June 24. The frolic will be the first social event staged by the junior chamber in Atlanta and will be followed by others during the year.

On the evening of June 17, W. F. Brennan will deliver an address at the chamber of commerce on the subject of "Advertising Personal and Business Efficiency." Mr. Brennan is quite close to his topic, being one of the heads of the advertising department of the National Cash Register company, Dayton, Ohio.

# Patton Heads Veterans.

Byron R. Patton was elected president of the Disabled Veterans of the World War at a meeting of the organization Tuesday evening. Other officers installed were: W. E. May, vice president; W. E. Frierson, secretary; C. W. Johnson, treasurer; R. P. Jester, chaplain, and Sergeant-at-Arms Beatty was re-elected.

# Typewriter Theft Charged.

C. C. Martin, 21 years old, a clerk of 210 Atwood street, is held at police station under a \$500 bond, on a charge of larceny in connection with the alleged theft of a typewriter from a downtown business house. Martin was arrested late Thursday afternoon by City Police Arthur and Powers.

Dr. Alfred Lawless, superintendent of the southern work among Congregational churches, will be the speaker at the colored branch of the Y. M. C. C. Sunday afternoon. Dr. Lawless is widely known as one of the able speakers of his denomination.

# 127 ON MISSING LIST AT PUEBLO

Pueblo, Colo., June 9.—The local chapter of the Red Cross, which is in charge of relief work in the flood district in Pueblo, this afternoon issued a list of missing persons containing 127 names.

Eighteen persons are known to have been killed in the flood in the La Junta district, according to an official report of the Colorado national guard, by Captain Mock, who arrived here today after a fifty hour battle against the elements.

# SALVATION ARMY CARES FOR REFUGEES.

Pueblo, Colo., June 9.—The first unit of the huge refugee camp being organized here is now in operation under supervision of the Salvation Army. It was announced by the military authorities today. The refugee camp will have a capacity of 20,000. There are 10,000 persons in the Salvation Army unit, and 1,000 more persons are expected today.

An announcement of health conditions following the flood was made today by Dr. J. C. Cornell, chief of the new federal health service. There are eighty-three cases of diphtheria, of which thirty-four are in the military hospital, five of smallpox and ten of chicken pox.

The flood wreckage of Pueblo will be cleaned up by members of the American Legion.

A military order just issued directs Major Albert H. Mueller, of the United States army, to take charge of all United States property in the city. An order prohibiting profiteering has been issued, and any firm or persons charging more than the pre-flood prices will be punished by the military authorities, the order says.

# REHABILITATION TO COST \$500,000.

Washington, June 9.—The rehabilitation of families impoverished by the Pueblo flood will cost at least \$500,000, according to estimates wired to national headquarters of the American Red Cross, by James L. Flier, in charge of Red Cross relief operations in Colorado. In addition, a large sum will be required for business rehabilitation, the report stated.

The Pueblo city government, Flier reported, plans to lease the devastated portion of the city with the aid of the United States troops. Emergency needs have been met promptly, but the Red Cross is looking for the restoration of the flood sufferers' family life.

# BEIDLER FUNERAL SERVICES HELD

Funeral services of Adam K. Beidler, retired, a Chicago capitalist, who died Wednesday in Atlanta, were held Thursday afternoon at the home of his daughter, Mrs. C. M. Scipio, 916 Peachtree street. The body will be taken to Chicago for burial.

# Held on Suspicion.

George Barnett, giving his occupation as cook, 19 years old, of 816 Gordon street, was arrested late Thursday afternoon by Officers McDonald and Evans on a charge of suspicion of larceny, in connection with theft of a bicycle belonging to a Western Union messenger boy, Leonard Landers, of 15 Plum street.

# Not Guilty Verdict.

A verdict of not guilty was returned by Judge Andy Calhoun in city court Thursday in the case of Marjorie Calhoun, alleged negro bootlegger, who runs a restaurant at 48 West street, and who was arraigned for having several gallons of corn whiskey under her house. The verdict directed the fact of the liquor being on the ground was not enough evidence to convict, and the case was dismissed.

# Chance to Break Drouth Record May End Today

**Weather Man Sees Hope for Early Relief From Long Aridity.**

If C. F. von Hermann's weather predictions are dependable, and the local rain man has been batting 1,000 here of late, this spring's chances of breaking drouth records will disappear today in a gentle but steady rain.

Saturday would have marked the twentieth day upon which Atlanta had seen no rain, a record which has been equaled for dryness at this time of the year. So the promise of rain is a relief.

used shower comes just in time to prevent the weather man from being proved wrong. The forecast for Saturday is a light shower with a few clouds. The meteorological interpretation of the elements imply, there is no certainty of this. Chances are that the day will be much the same as Thursday, very warm. But in the afternoon, the sun will be obscured to appear over our city, which should be productive of light passing showers.

# Farmers Need Rain.

While the present drouth has not yet assumed the menacing form, conditions down-state, particularly among farmers, point to the fact that rain would be welcome. A few more days, they assert, and they will be seriously affected. Therefore, Mr. Von Hermann's "hope, rather than declaration, of showers Friday, will intensify the general suspense regarding things which the day will bring forth.

The summer months so far have been much warmer than those of 1920, or even 1919. The mean temperature has been higher than the corresponding period of the past two years, but the precipitation has been much lower.

But it is pointed out by weather men that the nineteenth or twentieth day of drouth is nothing to cause undue alarm. The longest period of dry days on record was that which prevailed in 1884, from September 13 to October 31, 39 days.

# Summer Drouth Bad.

Mr. Von Hermann said that on account of the intense heat and glaring sunshine usually associated with periods of dry weather in summer and the consequent rapid evaporation at times when vegetation requires an abundant supply of moisture for transpiration, summer drouths are invariably more disastrous than the long drouths of autumn.

# WEEKS TO PROBE AIR SERVICE ROW

Washington, June 9.—A personal investigation of conditions in the army air service and of differences said to exist between Major General Joseph H. Mumford, chief of the service, and his assistant, Brigadier General William Mitchell, will be conducted by Secretary Weeks. An announcement to this effect was made today after the relief of General Mitchell from his present assignment had been requested in writing by General Mumford. Secretary Weeks declined to make public the request which he explained, had not reached him officially, and he also refused to say whether the specific reasons which had been given in support of the request. He said, however, that he would attach to either officer pending his investigation.

# AUGUSTANS TO PAY TEN CENTS A RIDE ON TROLLEY LINES

Augusta, Ga., June 9.—(Special.) The Augusta-Alken Railway and Electric corporation today advertised in the newspapers that it would increase car fares on Augusta lines from 7 cents to 10 cents on June 6.

Tickets will be sold in multiples of ten at 8 cents each. Relative to the increase, Mayor William P. White today said, "What can be done will be done."

The announcement from Atlanta of the United States court's ruling, setting aside the decision of the Georgia Railroad commission on the rates, came as a surprise to him. He has given the matter considerable thought, but has come to no decision as yet. He was in conference with City Attorney Archibald Blackshear tonight. Free city licenses to jitneys is one of the questions which is being deliberated. The Chronicle is calling for lighting plant ownership by the municipality, and suggests that the state railroad commission might as well be abolished.

reads, "that no action will be taken against Rear Admiral Sims, U. S. N., on account of his speech before the English speaking union. The admiral was merely telling the truth about the Sinn Fein movement in Ireland and in America, as it is understood by unphased and intelligent journalists and public men in this country, although, unfortunately, few have the courage to speak with such frankness."

The message went on to cite alleged statements by "President" Eamon de Valera to the effect that Ireland helped Germany in the world war.

# U. S. RECOGNITION OF IRISH FREEDOM BEFORE COMMITTEE

Washington, June 9.—Resolutions of Senators La Follette, Wisconsin, and Norris, Nebraska, republicans, proposing American recognition of Irish independence, were taken up today by the senate foreign relations committee and decision made to hear the authors in executive session.

# FUNERAL SERVICES FOR LEGION HEAD

Indianapolis, Ind., June 9.—Accompanied by nearly a score of national and state officers of the American Legion, the body of Frederick W. Galbraith, Jr., was removed tonight to his home in Cincinnati, Ohio, where funeral services will be held Saturday.

Colonel Galbraith met his death in an automobile accident here early today. Military services will be held at the station here this evening by scores of legionnaires. Heading the escort was Major General George W. Read, commander of the fifth army corps area, and his staff. Military services were held at the station.

Many telegrams expressing sorrow and condolence were received today at national headquarters of the legion from officials and friends of the dead commander. One of the messages was from President Harding.

# EMERY TO BE SUCCESSOR.

Washington, June 9.—John G. Emery, of Grand Rapids, Mich., national vice-commander of the American Legion, probably will succeed Col. F. W. Galbraith, national commander who was killed in a motor car accident at Indianapolis, according to Richard Seelye Jones, editor of the Stars and Stripes who has made a survey of the situation.

Emery, it is believed, will be named by the national executive committee, which, according to Jones, will meet immediately after the funeral. If the interim committee is in Arlington national cemetery, the committee will meet in Washington; if the body is taken to Cincinnati for burial, the meeting will be in Indianapolis.

# Teacher's Funeral Held.

Funeral services of Sister Mary Frances McGrath, a teacher in Mary convent, 149 Washington street, who died Thursday morning, were held Thursday night in the hospital chapel at 7 o'clock.

She is survived by two nieces, Mrs. Fred Norris of Atlanta, and Mrs. W. C. Weickling of North Carolina; one nephew, Captain Thomas J. McGrath, with the army of occupation in Germany.

# FUNERAL SATURDAY FOR MRS. W. P. TROUT

Funeral services of Mrs. W. P. Trout, who died Wednesday, will be held Saturday morning at 11 o'clock at her late residence, 210 Cascade avenue, and interment will follow in West View cemetery. Rev. I. H. Noy will officiate.

Her daughter, Mrs. Hamilton Cooper and her grandson, Hamilton Cooper, arrived Thursday from New York, and Mr. and Mrs. Leroy Porter, of Montgomery, are also in Atlanta to attend the funeral. The pallbearers will include D. W. Reeves, Dr. S. P. Warnock, C. W. Dunn, Robert Ormond, W. J. Barnes and H. G. Wright.

Mrs. Trout had resided in Atlanta for fifteen years and had been in ill health for the past two years. She is survived by two sons, W. J. and C. W. Trout; three daughters, Mrs. J. H. Cooper, of New York; Mrs. Leroy Porter, of Montgomery, Ala., and Miss Georgia Trout, of Atlanta.

Fall Painting—the much it saves

YOU must admit that the time to paint is before paint is needed—not afterward. Your paint may look all right now. One coat is all it needs to keep it that way. But wait until next Spring, after winter wear and tear has had a walk at it and the chances are, you'll have to use at least two coats to make anything like a good job.

At the present cost of painting, the difference between one coat and two is decidedly more than just a difference of opinion.

The same can be said of the paint to use. Some paints have more lastingness than others. Just naturally, every painter makes his is the paint that really has it. We are not claiming anything. But we have a reputation that is nearly half a century old, which we are carefully guarding.

Furthermore, we have a little circular which, have a notion, will interest you. It's title is "Figure Your Painting Cost with a Brush, Not a Pencil." Send for it to this address:

## PRISONERS MOVED; LYNCHING FEARED

Chattanooga, June 9.—(Special.)—A telephone message from Trenton, Ga., tonight reported that because of rumors of a mob bent on lynching Deputy Sheriff Word Page for killing Chester Daniel last Saturday, and Deputy Vol Moore, for the killing of his cousin, John Moore, Sunday, the two officers had been taken to Dalton for safety.

The information from the Georgia city was to the effect that reports were in circulation that friends of the two dead men were the number of 500 were organized to storm the residence of Sheriff Holmes, where the prisoners have been confined since the killing.

## U.S. May Withdraw Fish Culture Aid From This State

Legislature Required to Pass  
More Stringent Food and  
Game Fish Laws.

BY CLARK HOWELL, JR.  
Constitution Bureau,  
Haleigh Hotel.

Washington, June 9.—(By Constitution Bureaus.)—Unless the laws of the state of Georgia are strengthened during the approaching session of the legislature so as to give further protection to the food and game fish of the state the United States government will withdraw the aid it is at present giving to the development of fish culture operations in Georgia.

According to letters written by H. M. Smith, commissioner of the federal bureau of fisheries, to Clyde Matthews, Georgia commissioner of game and fish, and to Senator W. J. Harris the present enactments of the Georgia legislature are not sufficiently stringent to comply with the government requirements and unless they are strengthened it will be necessary for the federal government to cut the state's appropriation. Mr. Smith cites in his letter that the federal statutes which provide that no appropriation will be given to those states which do not adequately and properly govern their food and game fish.

From the information now in our hands it does not appear that your state laws are adequate to meet this mandate of congress. The bureau requires protection against spawning time and a proper size and bag limit are highly desirable. If not absolutely essential, the rigid restrictions regarding the use of seines and other forms of nets should not be overlooked.

## "HUSTLE" BLAMED IN MALNUTRITION AMONG CHILDREN

Boston, June 9.—The American hustle to keep up with the crowd is one of the chief causes of fatigue and resultant malnutrition among children. In making this assertion before the section on diseases of children of the American Medical association, which is meeting here, Dr. Borden S. Yeager, of St. Louis, said the condition was more common among children of the wealthy than in the homes of the poor. Other physicians addressing the section agreed with his conclusions.

## COLORED CHILDREN'S PLAYGROUND TO OPEN

The Community Court, a playground for colored children near the parish home of the First Congregational church, Houston street, has opened. It is operated in connection with the Ralph Miner institute, an authorized social service body of the church. It was made possible through the cooperation of public-spirited citizens at the instigation of Rev. Russell S. Brown, the director.

The formal opening will be June 16, when colored children under 12 years can attend from 9 to 11:30 a. m. They will have story telling, physical training and games. In the afternoon young people over 12 years will be given physical training and games. In addition, shower baths have been arranged in the girls' home adjacent to the playground.

For little children provided. Those children who work will be given of chance as large electric lights are installed so that real day is maintained until 9 o'clock at night. Outdoor educational moving pictures and a band concert will be given at the opening and during the month of August and September. Ruth B. Hall will be in charge during the day and Martha E. Harris in the evening.

## PUBLIC IS EXCLUDED AT MURDER TRIAL

Florence, Ala., June 9.—A motion for a change of venue was denied F. Whit Seay when he was placed on trial here today on a charge of murder in connection with the death of his bride on May 15.

Judge Almon, after overruling the motion, announced that nobody would be admitted to the courtroom during the trial except court attaches, witnesses and newspaper men.

The mutilated body of Mrs. Seay was found on the outskirts of Florence at midnight, six hours after she left the home of her father to take a walk with her husband.

## SENATE TO PROBE CARE OF VETERANS

Washington, June 9.—Investigation of all government agencies dealing with former service men was ordered by the senate today in adopting a resolution by Senator Walsh, democrat, Massachusetts, creating a select committee to conduct the inquiry. The vote was unanimous.

Adoption of the resolution followed much criticism in congress and elsewhere of delays in acting on former service men's claims. Conditions, Senator Walsh declared, were a "scandal."

Senator Overman, democrat, North Carolina, complaining of delays in action on war risk claims, urged that government "red tape" be cut. Under the Walsh resolution, Vice President Charles McNary will appoint five senators, three republicans and two democrats, to investigate the war risk insurance fund and all other federal bureaus and agencies having contact with former service men.

## World Business Still Reported In Quiet State

Washington, June 9.—World economic conditions during May pointed to no immediate general business revival, according to the monthly summaries for foreign representatives issued tonight by the bureau of foreign and domestic commerce.

Considerable improvement financially was noted in Europe, but trade and shipping were dull with marked industrial difficulties apparent in some countries. In the Far East, improvement in conditions was reported slight and in South America the situation was described as unchanged, but with a less confident tone to future prospects.

Improvement in the cotton markets abroad were reported. Inquiries relative to American cotton were reported to be increasing in Belgium, and a slight increase in imports was noted in France. Stocks of American cotton at Havre May 19, totaled 117,000 bales and 27,000 bales were reported afloat.

The cotton market in Portugal was declared to be unstocked, while a notable decrease in the stocks of cotton in Greece was reported. The report said that because of proposed wage reductions.

While money is easier in Great Britain, the coal strike has caused a serious situation in the cotton industry there is expected, the report said, because of proposed wage reductions.

Demand for cotton in China was reported dull because of overstocked markets. There was a notable increase in cotton mill machinery, while Chinese and Japanese investment capital was going into cotton. The French government appears satisfied with the success of the 100,000-pound loan moved in the United States, and feels it will permit payment of debts previously made in this country. The Paris report asserted. Evidence of falling off in Belgian industries affected by the British coal strike, were reported from Brussels, together with an increase in the imports of American foodstuffs and cotton.

A decreased foreign trade, together with an acute industrial crisis resulting in Italy during the month. Splendid crop prospects, however, were reported.

The financial situation appears to be improving in Germany, the Berlin report declared, but the industrial situation is being seriously hampered by the Silesian trouble and consequent coal shortage. Marketing activity in establishing agencies in Austria by British, East Indian and Japanese interests was noted.

There were no signs of improvement in economic conditions in the Scandinavian countries, the advisers said.

A revival of industrial activity in China was offset by depressed commodity markets and a small silk crop, according to the Peking report, while economic conditions in Japan were said by Tokyo advisers to show only a slight improvement, though the financial situation was better.

Except for improvement in the government finances, economic conditions in Mexico were reported practically unchanged.

Argentine financial conditions were reported as about the same, but with a decrease in commercial failures. Imports from Great Britain, except textiles, were observed to be decreasing and German competition was reported keener.

Little change in the commercial situation in Brazil was noted. The Belian economic mission was said to be actively promoting trade relations with Brazil while Germany was making every effort to regain its former position, being favored by its liberal credit terms and low exchange rates.

The financial position of the Chilean government was reported as still critical and continued unsettled economic conditions in Peru were shown.

## ONLY ONE WITNESS IN DECKER DEFENSE

Warsaw, Ind., June 9.—The defense in the trial of Virgil Decker, charged with the murder of Leroy Lovett, sprang a surprise this afternoon during the trial except court attaches, witnesses and newspaper men.

The mutilated body of Mrs. Seay was found on the outskirts of Florence at midnight, six hours after she left the home of her father to take a walk with her husband.

When arraigned on May 25 attorneys for Seay entered a plea "not guilty by reason of insanity."

Lynchburg, Va., June 9.—The Lynchburg Plow works today announced a 20 per cent cut, effective tomorrow, of plows and plow goods. This is said to be the first break in prices this year among the larger manufacturers of the country.

O'CALLAGHAN LOCATION KNOWN BY DEPARTMENT

Washington, June 9.—Definite information regarding the whereabouts and plans of Donald O'Callaghan, lord mayor of Cork, has been furnished to the department of labor by O'Callaghan's attorneys. Assistant Secretary Penning said today, but "in the interest of justice" the department is bound to keep it private.

## Alleged Confession Quoted by Witness At Murder Trial

Florence, Ala., June 9.—"I have done what I wanted to do, let them do what they want to with me," Patrolman Will Young, the officer who arrested F. Whit Seay on the morning of May 17, for the murder of his wife on Sunday, May 15, said Seay told him the morning of his arrest. This statement was made on the witness stand in Seay's trial for murder here today.

When court reconvened at 1:30 this afternoon, a jury was quickly selected and examination of witnesses began at 2:30 o'clock.

Mrs. A. A. Williams, mother of the slain woman, was the first witness to take the stand. She testified that Seay and his wife lived at her home for about six months prior to her daughter's death; that they were married on August 6, 1920. She stated that the couple left the house at 5 o'clock on the afternoon of the tragedy to go on a kodaking trip to Stewart Springs, and that when they went away Seay had his arm around his wife. There was no cross-examination of Mrs. Williams.

Members of the party who found the body of the slain woman were put on the stand, including J. M. Haddock, Clyde Davis, Essinger Lamar and Rev. J. C. Cook. Following these, O. R. Fiedler, undertaker, and Mrs. O. R. Fiedler, were examined and told of the condition in which they found the body.

The next state witness to take the stand was Police Officer Will Young, the man who arrested Seay. He gave a very graphic account of the confession he said Seay made on the morning of May 17, just before he was spirited away to Decatur for safe keeping.

The conclusion of Young's testimony, court adjourned until 9 o'clock Friday morning.

## TO ASK PEOPLE TO PLEDGE FUNDS TO EQUIP SCHOOL

Citizens of Decatur held a mass meeting Thursday evening at Decatur courthouse to discuss plans under way for having the recently completed Decatur high school in readiness for the opening of the school term in September. It was decided to raise several thousand dollars for equipment by popular subscription.

Mrs. J. C. Hope, chairman of the equipment committee, and the only woman member of Decatur's board of education, outlined tentative plans for launching the campaign. The school building was undertaken at a total cost of \$100,000, for which a bond issue was floated. W. J. Seyward, of Atlanta, was the architect.

Charles D. McKinney was elected permanent chairman of the movement. G. W. Glauser, superintendent of Decatur public schools, gave a short talk, in which he outlined several new features to be inaugurated in the school, among which will be a complete commercial department, domestic science department and a department of manual training. Captain Scott Chandler, chairman of the finance committee, read the financial report, which showed the finances to be in good condition.

Co-operation of the city of Decatur was pledged. W. J. Dabney, chairman of Decatur board of commissioners, and acting mayor of the city, a second mass meeting for the definite arrangement of a campaign for launching the subscriptions will be held next Thursday at Oakhurst.

## EDWARD H. CARMAN, CHRISTIAN SCIENCE LEADER, DIES HERE

Edward H. Carman, for years the leader of the Christian Science movement in the south, quietly passed away at 2:30 yesterday morning at 11 o'clock.

Mr. Carman studied Christian Science under Mrs. Sue Harper Mills, the first teacher in this part of the country and he achieved a high rank in the dedication of the First Church of Christ, Scientist, on Baker street in 1918.

He served three years as second reader and four years as first reader, when the church was at the above location. Since that time he has been constantly engaged in the practice of Christian Science, and has during the time made countless friends.

Funeral services will be held at the residence on Monday morning at 11 o'clock, and will be conducted by M. E. Watkins, Jr., pastor of the church.

Mr. Carman is survived by his wife, Mrs. Mary E. Carman; one son, E. H. Carman, Jr., and a daughter, Mrs. F. G. McLeod.

## MEMORIAL GATES TO HONOR DEAD IN RECENT WAR

Hampden-Sydney, Va., June 9.—Ground was broken today at Hampden-Sydney college, the second oldest educational institution in the south, for memorial gates to be erected at the entrance to the campus in honor of Hampden-Sydney men who gave their lives in the world war.

The gates, which are being planted in memory of the dead already planted about the entrance, one from Queen Mary of Great Britain, was added, presented by a representative of the British empire.

The gift of Queen Mary was brought by R. Leslie Craigie, secretary of the British embassy at Washington, who was accompanied by Mrs. Craigie, formerly Miss Stovall, of Savannah, Ga.

## ONE-SIDED FIGHT ENDS IN SUICIDE

**James Kelley Kills Two  
Policemen, Battles With  
200, Then Dies by His  
Own Hand.**

Toledo, Ohio, June 9.—That James Kelley with one of his own weapons sent a bullet into his heart and thus terminated the tragic warfare

between himself and 200 policemen today, was the finding of Henry J. Herbert, chief of police and Dr. C. J. Henseler, county coroner tonight. After policemen Harry Dowell and Harold Mosburger had been killed and Kelley's body had been carried from its attic barricade, coroner Henseler examined the body. There were machine gun bullets in Kelley's leg, arm and left side of the abdomen but the lead which cut through the breast and passed over the heart was self-inflicted, the coroner found.

According to the police Kelley had been known for some years as an extremist and had been preaching anarchism for several months, and two weeks ago, when threatened with eviction from his boarding house for failure to pay his bill, he resorted to a violent attack. The police, explaining the events leading up to the battle, said tonight that Mrs. Key early this morning asked Kelley to pay his bill which amounted to \$75. When he refused to do so, they called police.

Two detectives were sent to make the arrest. They were met by gun fire. Police reserves with machine guns then were sent to the scene. Police who descended into the attic after Kelley, found the man lying on a bed, the heart pierced by a shot. In one pocket was a 45-calibre pistol and in another was a smaller gun.

Added just out of the range of Kelley's deadly fire thousands saw the battle between police squads and the barricaded man, who kept up an intermittent fire from the attic windows. The police had difficulty in opening a lane through the throng as Kelley's body was borne into the police emergency ambulance. Kelley was reported to have purchased a trunk full of ammunition. Persons in the neighborhood said that Kelley had purchased arms instead of food on frequent occasions and had talked of "starting a war."

Kelley was a waiter. Police have been unable yet to ascertain from what city in Oklahoma he came from.

Gentlemen:  
I take great pleasure in recommending to the public your Fly-Flu. I am now using my third shipment. I find it not only kills flies and mosquitoes, but is the best exterminator for bed bugs I have ever used, and will never use any other as long as it holds up to its present standard.

It gives me great pleasure to recommend the same to any one that is bothered with any kind of insects and germs, it being a perfectly harmless preparation.

Yours very truly,

**YEAST BRINGS HEALTH  
WHEN RUN-DOWN**  
Strenuous Life Exhausts Vi-  
tality Because Vitamines  
Are Lacking—Yeast Tab-  
lets Supplying Them.

Certain wonderful little elements  
called Vitamines have been found  
to be absolutely essential to health  
and vitality; and they must con-  
tinually be supplied to the im-  
paired body just as the exhausted  
land, yet most modern  
diets, principally made up of meat,  
potatoes, prepared foods, polished  
rice, etc., are lacking in vitamines.  
And now the great discovery has  
been made that yeast contains mil-  
lions of vitamines. A little yeast  
added to the average diet causes  
children to grow more sturdy,  
checks the signs of old age, and  
builds up run-down systems. Yeast  
has also been found to be a won-  
derful remedy for boils, skin troubles,  
etc.

The wonder-working power of  
yeast is now common knowledge,  
proven by hundreds of experiments  
in great medical institutions. Thou-  
sands now take yeast in some form  
—but it is not enough to take  
common yeast, because it is con-  
tained only to aid in making bread.  
The common yeast cake is only a  
make-shift, because it contains  
about 80 per cent starch and water  
and only about 20 per cent yeast.  
The liquid yeast is fermentator  
concentrated, and combined with  
iron and other tonic ingredients, is  
the scientific vitamin treatment.  
Now a new tablet has been worked  
out by famous chemists, which sup-  
plies this special yeast in just the  
combination to do you the most  
good. This tablet, called IRONIZ-  
ED YEAST, is sold by all druggists  
packed in sanitary package con-

**SENATE TO REPORT  
ON SOLDIER BONUS**

Washington, June 9.—The senate  
finance committee will meet next  
week to hear the report of its sub-  
committee on the soldier bonus bill,  
and is expected to report the measure to  
the senate shortly thereafter.

Senator Penrose, chairman of the  
subcommittee, said on his return  
from Philadelphia that he expected  
the main committee to "go along"  
with the subcommittee in its action.  
Penrose said also that he saw no  
reason why enactment of the bonus  
bill should wait until congress has  
completed its permanent tariff law  
and its revision of the tax laws. He  
explained that no cash payments  
are immediately required, which  
would obviate the necessity of pro-  
hibiting revenue.

"The question of raising revenue  
will have to be met eventually, of  
course," he said, "but there is no  
objection in the meantime to  
giving veterans definite assurances  
that the government will take care  
of them. Congress intends to do what is  
proper and right."

Senator Penrose's report will  
suggest that payment of foreign  
loans be applied to the soldier bon-  
us, the burden of which is spread  
out over 20 years.

When the attention of Chief Jus-  
tice Smythe, of the court of ap-  
peals, was called to the bill, he  
declined to comment on it, say-  
ing that to comment "would hard-  
ly be proper."

Asked whether the court, which  
has just recessed for the summer,  
might later take notice of the edi-  
torial, he said:

"It seems to me that it is entirely  
proper for a litigant to comment  
on the decision of the court. I do  
not think the judges will take any  
notice of the editorial. We do not  
quarrel with litigants over any de-  
cision handed down by the court and  
if they wish to comment on the  
decision it is within their province  
to do so."

## SENATE APPROVES FARM LOAN BONDS

**Kenyon Bill Authorizes  
Increase in Interest  
Rate Equal to Private  
Banks.**

Washington, June 9.—The senate  
has approved a bill offered by Sen-  
ator Kenyon of Iowa, which will  
permit federal farm loan banks to  
issue bonds bearing 5 1/2 per cent  
interest, instead of 5 per cent, the  
present limitation.

Kenyon explained that the 5 per  
cent limit made it difficult for the  
joint stock loan banks, organized  
as a part of the farm loan banking  
system, to dispose of their bonds  
in competition with private banking  
institutions. As a result of this, ac-  
cording to Kenyon, extension of  
credit to farmers was made diffi-  
cult.

The maximum interest which  
farmers can pay to banks under  
terms of the law remains as at pre-  
sent, 6 per cent.

Discussion of Kenyon's bill  
brought from Senators Smoot and  
McLean attacks on the stock banks.  
They said the banks utilized gov-  
ernment prestige to make loans for  
private persons. Smoot charged  
that the banks, instead of lending  
money to decrease tenancy, were  
used by speculators to acquire land  
and increase tenancy.

Smoot endeavored to have adopt-  
ed an amendment which would have  
removed the tax-exemption privi-  
lege of stock bank bonds, but this  
was withdrawn. Kenyon declared  
the amendment would destroy the  
system. He disputed charges also  
that the stock banks were compet-  
ing with their parent institutions,  
the farm loan banks.

Both Kenyon and Smoot called  
attention to the existence of large  
amounts of tax-exempt securities,  
and said need for prohibiting such  
issues exists. Kenyon said the total  
is \$16,000,000, but declares that  
only a fractional part of this sum

**Hoover Will Not  
Accept Invitation  
To Go to Argentina**

Washington, June 9.—"I greatly  
appreciate the invitation extended  
to me by the United States Chamber  
of Commerce in Buenos Ayres to  
visit Argentina in the interests of  
the commercial and friendly rela-  
tions between Argentina and the  
United States," secretary of Com-  
merce Hoover said tonight. But I  
am afraid that the press of busi-  
ness in Washington will keep me  
from accepting."

Hoover declared that he could  
not hope to get away from the cap-  
itol until September at least. He  
has work piled up now that will  
keep him busy until that date.  
Hoover declared tonight that he  
would make a statement later to-  
night which would convey his appreciation  
of the invitation.

The telegram of invitation was  
received by Hoover late this after-  
noon.

gram in Europe the foreign mission  
board of the Southern Baptist con-  
vention before adjournment today  
elected Dr. Everett Gill, pastor of  
the Westport Baptist church of Kan-

sentative. Dr. Gill was for fifteen years  
a missionary in Italy and has travel-  
ed over the whole of Europe in  
making a survey for the foreign  
mission board.

The chief emphasis of the work in  
Europe will be given to training na-  
tive workers, and the bulk of the  
fifty new missionaries commissioned  
today will be assigned to fields on  
other continents.

**YEAST BRINGS HEALTH  
WHEN RUN-DOWN**

Strenuous Life Exhausts Vi-  
tality Because Vitamines  
Are Lacking—Yeast Tab-  
lets Supplying Them.

Certain wonderful little elements  
called Vitamines have been found  
to be absolutely essential to health  
and vitality; and they must con-  
tinually be supplied to the im-  
paired body just as the exhausted  
land, yet most modern  
diets, principally made up of meat,  
potatoes, prepared foods, polished  
rice, etc., are lacking in vitamines.  
And now the great discovery has  
been made that yeast contains mil-  
lions of vitamines. A little yeast  
added to the average diet causes  
children to grow more sturdy,  
checks the signs of old age, and  
builds up run-down systems. Yeast  
has also been found to be a won-  
derful remedy for boils, skin troubles,  
etc.

The wonder-working power of  
yeast is now common knowledge,  
proven by hundreds of experiments  
in great medical institutions. Thou-  
sands now take yeast in some form  
—but it is not enough to take  
common yeast, because it is con-  
tained only to aid in making bread.  
The common yeast cake is only a  
make-shift, because it contains  
about 80 per cent starch and water  
and only about 20 per cent yeast.  
The liquid yeast is fermentator  
concentrated, and combined with  
iron and other tonic ingredients, is  
the scientific vitamin treatment.  
Now a new tablet has been worked  
out by famous chemists, which sup-  
plies this special yeast in just the  
combination to do you the most  
good. This tablet, called IRONIZ-  
ED YEAST, is sold by all druggists  
packed in sanitary package con-  
venient to carry in the pocket.

### Loew's Vaudeville.

(At the Grand.)

A quite different and original choice of vaudeville acts from the Loew's Grand, constitute the offering in question and they have a musical production that has seldom been equaled in artistry and enjoyment at the Loew's house.

The De Maria Five, European troubadours, constitute the offering in question and they have a musical production that has seldom been equaled in artistry and enjoyment at the Loew's house.

The entire week-end bill is interesting and lively from beginning to end. Ward and Wilson, a pair of strictly twentieth century comedians, kept the house in an uproar of mirth during their entire stay behind the footlights, carrying away another emphatic hit.

Irene Zolar, a magnetic young miss with decidedly diversified talents, has an able partner in Billy Knox at the piano. Recently a feature at the New York Winter Garden, this pair won high favor at the Grand.

The Flying Howards, in a spectacular exhibition of dexterity in mid-air, and Trix and Harvey Speck, in an animated travesty, "Pause, Gaze and Hearken," contributed to the amusement of the audience.

# Elks' Minstrels Score Big Hit Opening Night

Armonia and liniment will be at a premium in Atlanta today to relieve aching sides of the large number of Atlanta amusement lovers who attended the opening performance of the 1921 version of the Elks' minstrels at the Auditorium Thursday night and witnessed one of the snappiest, liveliest, funniest and most animated shows of any kind that has appeared in Atlanta this year.

Although billed as the Elks' minstrels there is but a portion of the show strictly in accord with minstrelsy and during the evening a little bit of everything is offered including musical comedy, burlesque, vaudeville novelties and extravaganza. There is no question that it is the most entertaining offering of the splendid series of productions the Elks have presented in recent years.

No speak of it as "presented in truly professional style" is trite, but even this expression is not strong enough descriptively. The show is in spots much more entertaining, to say the least, than many of the attractions that have appeared here at leading theaters. There were no "breaks" made except a few which added to the fun and from the rising curtain to the beautiful first act until the finale of the last act the Atlanta Elks gave the public a real show and one worth several times the price of admission.

**Roy Coleman Starts Show.**

In a riot of color, with an attractive dash of vari-colored costumes, Roy Coleman, the excellent first part setting with the time honored minstrel atmosphere correctly carried out. With W. Van Goldsnoyen presiding gracefully as interlocutor the fun starts from the moment Roy Coleman springs the first "gag" and continues unabated throughout. The fun is not unshared by the funmakers and each scored a pronounced hit judging from the applause bestowed by the enthusiastic audience. The comedians were Roy P. Coleman, John Byrne, Cliff Daniel, R. D. Leineweber, S. F. Blondheim, Hugh Epps, Thomas K. Wrigley and George Knauer and they certainly can "commode."

Three beautiful ballads were sung with rare finish in the first part. Billy Maurer's lyric tenor was heard to splendid advantage in "The Old Irish Mother of Mine," Fred Brigman, in a powerful bass solo reminiscent of the days when the real minstrel shows featured this type of number, scored a rousing hit. "Lanz, with his 'Just Keep a Thought for Me,' almost finds a haven in a quiet, simple farmstead, after being ousted from the company and his place taken by an inexperienced girl, whose admirer is willing to back the impoverished showman. Then the company of actors come to the farm, bringing with them the girl, a runaway from the very home where she has entered. The working out of the plot is truly splendid.

**"Pleasure Seekers."**

(At the Forsyth.)

"Pleasure Seekers," Elaine Hammerstein's latest picture at the Forsyth, the last half of the week, ranks with her very best efforts. As Mary Murdock, the country girl who marries a spendthrift and is repulsed by his father who thinks she is a fortune hunter, Miss Hammerstein is given an opportunity to show her talents to the best advantage.

of the King of Gascook" with the characters of "The Inside Inn" taking leading parts in the comedy assisted by W. Van Goldsnoyen and Hugh Epps. Miss Nellie Sullivan introduces a graceful Oriental dance and a hodge-podge of uproarious comedy is offered with Roy Coleman, John Byrne, Epps, Mrs. J. Edgar Morris and others as chief fun producers.

The show was presented under the direction of the Joe Bren Producing company, of Chicago, and the Elks are to be congratulated on their retention of such capable supervisors. The mountings are gorgeous and the lighting effects are of a high standard. An able coterie of musicians formed the orchestra, whose work added much to the enjoyment of the evening.

The Elks' minstrels will appear at the Auditorium Friday and Saturday nights and when the word gets out about the high quality of the show seats should be at a premium.

PAUL STEVENSON.

## STRUCK BY AUTO, NEGRO MAY DIE; CHAUFFEUR HELD

J. D. Mayfield, 29 years old, a chauffeur, living in Kirkwood, ran over a negro named Alfred Reed, 24 years old, early Thursday night, on Peachtree street, near Baker street.

Reed was immediately taken to Grady hospital, where he was found to have received a fractured skull and is not expected to live.

Mayfield is being held at police station in default of \$1,000 bond on a charge of reckless driving.

## Binns-Flippin Wedding Event Of Great Interest

The wedding of Miss Laura Arnold Binns to Dr. Percy Scott Flippin, of Mercer university, Macon, was a lovely affair of yesterday afternoon, taking place at the home of the bride's mother, Mrs. James Walter Binns, in Myrtle street, the Rev. Walter P. Binns, of Lawrenceburg, Ky., brother of the bride, officiating.

The entire lower floor of the home was artistic with palms and flowers, and in the library, where the ceremony was performed, an altar of palms and ferns was arranged on either side of which were tall baskets filled with hydrangeas.

Just before the ceremony, Mrs. George W. Gifford sang "Because," accompanied at the piano by Miss Mabel Owens, of Rome. The wedding march was Mendelssohn's, played as the bride party descended the stairs. First came little Miss Elizabeth Raymond Smith, of Washington, in a dress of pale green crepe, and a lovely maid of honor, Miss Emma Binns, only sister of the bride, was maid of honor in gray crepe de chine, with gray lace panels embroidered in gray beads. She wore a large braid hat trimmed in ostrich, and carried shaded pink roses, tied with a bow of pink tulle.

The little ring-bearer, Miss Sarah DuBose Johnson, of Washington, wore a lovely dress of pink tulle. The bride, wearing a gown of white crepe, carried a single white rose, bearing the ring.

Lovely Bride.

The bride entered on the arm of her brother, Arnold Binns. She wore a handsome traveling suit of midnight blue tulle, heavily embroidered, with a blouse of blue tulle. Her hat was blue tulle, and she carried a bouquet of bride's roses, a white rose, and a white carnation.

The groom, Dr. Percy Scott Flippin, was in a suit of gray, with a white shirt and a white tie. He carried a white carnation and a white rose. The ceremony was performed by the Rev. Walter P. Binns, of Lawrenceburg, Ky., brother of the bride.

The bride's bridesmaids were Miss Emma Binns, only sister of the bride, in gray crepe de chine, with gray lace panels embroidered in gray beads. She wore a large braid hat trimmed in ostrich, and carried shaded pink roses, tied with a bow of pink tulle.

Tea-Dance For Miss Nixon.

Mr. and Mrs. Vaughan Nixon gave a tea-dance at the Piedmont Club on yesterday afternoon in compliment to their daughter, Miss Emma Nixon, and a group of school-mates, attending the National Cathedral school in Washington, this year. These included Miss Sue Bucknell and her guests, Miss Julia May Drenner, of Birmingham, Ala., and Miss Mary Louise Banks, of Detroit.

Tables, highly decorated with wicker baskets filled with sweet peas, were arranged in circular effect on the terrace; and when twilight came, the setting was even more attractive, the electric lights being covered with gay Japanese lanterns.

Miss Nixon was beautifully gowned in cream-colored net with flesh ribbons and wore a hat of cream lace.

Mrs. Nixon wore grey Canton crepe, with a hat of grey.

The menu was a most elaborate program of the latest dance music, and about two hundred members of the college set enjoyed the occasion.

Rumble-Eakes Wedding.

A marriage beautiful in its simplicity was that of Miss Mary Eakes and Mr. Lester Rumble, of the Georgia Institute of Technology, at the home of the bride's mother, Mrs. R. F. Eakes, in Decatur, at 10:30 o'clock on yesterday morning.

Rev. E. M. Eakes, uncle of the bride, performed the ceremony, in the presence of a group of relatives and friends.

Miss Mildred Eakes, sister of the bride, played the organ, and Miss Dorothy Hamilton gave several vocal selections just before the ceremony.

Miss Margaret Eakes, another sister of the bride, was maid of honor. The bride wore a gown of white crepe de chine, and she wore a large leghorn hat, flower trimmed. She carried a cascade bouquet of white roses and white carnations.

Mr. Douglas Rumble, a brother of the groom, was best man. He wore a suit of dark blue, with a white shirt and a white tie. He carried a white carnation and a white rose.

Mrs. H. W. Brown has returned to her home in East Lake.

## GEORGIA DENTISTS CHOOSE OFFICERS AT MACON MEETING

Macon, Ga., June 9.—(Special.)—Dr. A. P. Gordy, of Columbus, Ga., was elected president of the Georgia State Dental society, which is holding its fifty-third annual convention at the Hotel Dempsey, at tonight's session.

Dr. N. A. Teague, of Augusta, was chosen president-elect; Dr. C. C. Howard, of Atlanta, vice president, and Dr. J. Russell Mitchell, of Atlanta, a member of the executive council.

Other officers, including the secretary and treasurer, are to be elected at tomorrow morning's session of the convention. Brunswick has asked for the next convention and is the only city thus far that has put in a bid. It is understood, however, that the Atlanta delegation will ask that the next convention be held in that city, so the fight probably will resolve itself into a contest between Atlanta and Brunswick.

## GOLD AND SILVER DEPOSITS FOUND ON IOWA FARM

Emmettsburg, Ia., June 9.—Gold and silver has been discovered on the Bernard Smith farm, seven miles east of here, according to reports from a Chicago assay office. A large section of the country along the Des Moines river is underlaid by great gravel beds in which the gold and silver is said to have been found.

Bernard Smith, while digging post holes, noted shiny articles in the gravel and he sent samples to the Chicago office. The report just received states that gold and silver found in the samples run from \$20 to \$40 a ton.

## Choice Chinese Art Exhibited At Woman's Club

Some of the choicest art items from China, including a mandarin robe of great age, many beautiful examples of jade and antique Chinese jewelry, carved ivory, embroidery, drawn-work linen and exquisite table coverings will be offered to the people of Atlanta today as a result of the self-sacrifice of an Atlanta woman who has been deeply moved by the appalling suffering which is sweeping the famine districts of China.

Mrs. F. M. Pike, daughter of Dr. and Mrs. M. Taft, of West Twelfth street, is the donor of the articles to the China Famine fund, and the sale was held Thursday afternoon at the home of Mrs. J. N. McEachern at the meeting of the Daughters of the Confederacy, and will be held on Friday at the Woman's club.

Mrs. Pike is a missionary from North China, and has been spending the past year with her parents. She, together with her husband and children, will return to the foreign field within a short time. Because of her previous Chinese associations, she has realized more keenly than the average American can the extreme conditions which exist in China at the present time, where thousands of people are dying daily from starvation while the American committee of the China Famine fund are making frantic efforts in this country to raise funds with which to save as many lives as possible.

Mrs. Pike's sacrifice is rendered the greater because of the fact that the articles which she is giving to be sold are many of them wedding presents from Chinese friends. They are articles such as can rarely be bought in this country, because many have been family heirlooms in the homes of Chinese residents for many generations and rarely find their way on the market.

She was led to the decision to sacrifice her treasures by the news which has just come from abroad to the effect that the spring crop in the province of Chihli has been a total failure, affecting 2,000,000 persons who have already been through the most terrible torture from hunger during the past winter. The new crop failure means that these people cannot hope to be relieved before August, when the summer crop is harvested.

Atlanta women who are desirous of securing these exceptionally beautiful objects of art, and at the same time to help substantially the China relief fund, can accomplish both ends by buying the articles which are for sale today at the Woman's club.

**Held on Liquor Charge.** Fred Elsner, address unknown, is in Fulton County Tower held in default of \$500 bond as result of a raid upon an automobile in which he was peddling vegetables Thursday afternoon. The car came under the suspicion of County Officers Atkinson and Donehue who say they found two quarts of whiskey hidden beneath a bunch of vegetables. The arrest occurred on Garrett's bridge road.

# JUNE SALES

The school girl is now ready for her summer wardrobe. She wants cool, pretty things just as much as her big sister, and our June Sales offer tempting values in dresses and other wearing apparel.

## Sale Misses' and Children's Brand-New Summer Frocks

A special purchase just received, acquired at a special price. Similar dresses we had in stock, bought earlier in the season, were as much as \$16 and \$18, so we have included these, too.

Some are in ginghams, but such ginghams! White organdy over-dresses, sashes and ruffles add to their charm. Sometimes a splash of wool embroidery further enhances their prettiness.

The organdies are embroidered in dots—red on blue, pink on white, red on white, red on tan, and so on.

Then there are pretty little English saten with the lustre of silk, cool, airy dotted Swisses and soft printed voiles. All sizes—8 to 16.

# SHIP PASSENGERS HELP AFTER BERG CRASH

St. Johns, N. F., June 9.—The American freight steamer *Charlot*, which struck and icebergs about 200 miles off the New Foundland coast last night, reported late tonight that the water had reached the first room and asked the nearest steamer to stand by.

Halifax, N. S., June 9.—The American freight steamer *Charlot*, which struck and icebergs about 200 miles off the New Foundland coast last night, according to radio messages received here today, her bow was stove in and the steamer was about to sink.

The position given by the *Charlot* in her call for assistance was latitude 51 north, longitude 48-20 west. The identity of the steamer *Charlot*, reported to have gone to her assistance, was uncertain here. A British passenger steamer of that name sailed from Glasgow June 4 for New York and an Italian steamer of the same name sailed from Genoa May 21 for New York.

## ICE DRIFT UNUSUAL

Washington, June 9.—There is more heavy drift ice in the north Atlantic this year, and it is farther north for the present season than it was since 1912, when the liner *Titanic* was sunk, according to Rear Admiral L. G. Chandler, chief of the naval hydrographic service. The navy department is sending out several broadcast wireless messages each day, Admiral Chandler said, informing shipping throughout the world of the location of ice fields and approximate limits of the ice fields.

The cutters *Seneca* and *Yamacraw* have been patrolling the edge of the ice area since early spring, sending daily reports of the movements of bergs under an international agreement which are digested at the department and sent broadcast by radio for the information of all concerned. In addition, the department informs all north Atlantic shipping of the best course to avoid the ice.

Bound steamers are advised to cross at the 47th meridian west at 40 degrees, 30 minutes. The eastbound ships to cross at the 47th meridian at 39 degrees, 30 minutes north. The two courses are about sixty miles apart and well south of the southern edge of the drift ice.

At present the ice is drifting south at varying rates that reach forty miles a day in the case of some of the bergs, Admiral Chandler said.

"By following the course recommended, as most of the large companies do," he said, "the danger of encountering ice in the trans-Atlantic voyage, because we know where the ice is at the time, and our radio warnings are received throughout the Atlantic."

"Some steamers disregard the warnings and attempt to shorten the voyage by cutting north of the course recommended. When they do so, they run into serious danger, particularly this year, when the ice over and south of the Grand Banks is the worst since 1912."

## GEORGIA MAY GET FIELD STATION OF MINES BUREAU

BY CLARK HOWELL, JR.,  
Constitution Bureau,  
Raleigh Hotel.

Washington, June 9.—(By Constitution Leased Wire.)—Although it is too early to say in advance of congressional action what may be done about establishing two additional field stations in the bureau of mines, it became definitely known today that should congress provide the appropriation necessary for the equipment and maintenance of two such stations that the director of the bureau will consider what may be a possible location for one of them. Some years since, congress authorized the establishment of two field stations, but the provision that these should only be put into operation when and as congress specified appropriations for them. Eight of these stations have already received such appropriations.

In a letter to Congressman W. D. Upshaw, H. Foster Bain, director of the bureau of mines, assured the Georgia congressman that he will consider the possibility of a station in Georgia and continues to state "in that connection we have here a very lively appreciation of the excellent work done by the Georgia School of Technology and the many advantages which would accrue to both of us from the connection between the school and the bureau."

Birmingham was chosen as a field station in 1920 for the reason that at that point it was not only possible to carry out economical studies of the non-metallic minerals, but also to conduct to advantage investigations of iron mining, blast furnace practice, by-product coke recovery and other industries. That station is just now getting into complete operation. As one feature of its work arrangements have been completed with the Central of Georgia railroad for a special study of clay deposits in that line.

## PASSING BACK CHECKS LAID TO SAVANNAH

Savannah, Ga., June 9.—(Special.)—W. J. Johnson, a middle-aged man, was bound over today on a charge of passing back checks. It is alleged that he floated checks to the amount of more than \$1,000 and in some cases paid the amounts of previously passed checks, paying the expense to which the persons cashing them had been put in effort to locate the money paid.

Redemption sums in checks, as worthless as the original paper, Johnson is said to stand ready to actually make good all the bad paper he realized upon, if the court should allow him to do so.

# Mysterious Tomb Is Resting Place Of Early Official

## Mystery of Century Cleared by Inscription Placed Upon "Serpent Tomb."

Savannah, Ga., June 9.—(Special.)—In the solving of the mystery of the "serpent tomb" in the Colonial cemetery in Savannah, a century-old puzzle was cleared up today, when the name of Archibald Bulloch was inscribed on the tomb. He was the first "president of Georgia."

The monument concerning which there had been so much speculation is more than 150 years old. It was an obelisk more than twelve feet high, with a snake in circular form on each side. About the tomb clung many tales, one of the most popular of which was that beneath it slept a young man killed in a duel, and who had requested that his grave be identified by inscription.

Today an inscription duly authorized was completed. Beneath the unique stone sleeps the first governor of Georgia, an ancestor of Theodore Roosevelt, late former president of the United States, Archibald Bulloch.

Miss Emma Bulloch, of Washington, a great-granddaughter of Archibald Bulloch, on a visit to Savannah, has caused a proper inscription to be fixed upon the tomb.

The inscription reads as follows: "Archibald Bulloch, first president of Georgia, 1776-1777; born in South Carolina 1733; died in Savannah, 1777; patriot, soldier, statesman. Georgians, let the memory of Archibald Bulloch live in your breasts; tell your children of him, and let others tell another generation."

Bulloch was the great-grandfather of Mittie Bulloch, who was the mother of Theodore Roosevelt.

Miss Bulloch declares that there has never been any mystery about the "serpent tomb." She explains that her family has not lived in Savannah for years, but that it has been the purpose always to suitably mark the grave of the distinguished Georgian of colonial times.

## CAMP OF Y. W. H. A. TO BE DEDICATED ON 16TH OF JUNE

The members of the Young Women's Hebrew association are looking forward to the completion of an attractive summer camp that is being built for them just six miles north of Atlanta. The camp will be dedicated June 16.

The grounds are pleasantly located among the hills and at the side of a winding creek. Tennis courts, flower gardens are being prepared.

The main building is conveniently located and contains a kitchen, veranda and shower baths. There is a large sleeping porch built to accommodate seventy-five young women at a time.

## HEARING WAIVED IN KILLING CASE BY ACCUSED MEN

Knoxville, Tenn., June 9.—Preliminary hearing was waived at selection today by John McClure and Charles Petree, charged with participation in the murder of George Lewis near Clinton, Tenn., who was shot and killed by Andrew Crumley and attempted robbery of the bank at Oakdale, Tenn., June 8.

The court called a special term of court to convene the third Monday in July and it is expected that their cases will come up at that time.

Petree and McClure were taken from the Knoxville county jail to Clinton early today.

Later in the morning the two men were brought back to Knoxville on the train.

Tom Christmas and Harry Wilson, also charged with participation in the crime near Clinton recently, are still at large.

## GUS REEVES HELD IN KILLING CASE

Continued from First Page.

Womack home while she was a visitor there. She declared Womack was the father of the child.

Harrison Bowen, one of the men with Reeves to act as a witness, testified that when the two men met at the side of the house Clarke had his hand near his pocket and was looking ahead. "I'm ready for you," he said the shooting began.

Testimony was also introduced to show that the slain man had a pistol in his pocket at the time of the killing, but that his wife removed it from his person.

Evidence Circumstantial.

The defense's evidence was largely of a circumstantial nature and was intended to show that Clarke and Womack had been many times seen in isolated places alone; that the birth of Lucile Reeves' child was conceived and that report of its birth were denied to neighbors by the family.

The defense also called upon witnesses to show that Clarke was a dangerous character and carried concealed weapons.

Attorneys for the defense were O. A. Nix and L. Oakes, of Lawrenceville. Assistant Solicitor-General J. W. Jolley, of Homer, and Attorney D. W. Roberts, of Monroe, represented the state.

# Request Support State Delegation To Peace Congress

## BY CLARK HOWELL, JR., Constitution Bureau, Raleigh Hotel.

Washington, June 9.—(By Constitution Leased Wire.)—It is expected that at least three members of the congressional commission to study the legislative needs of agriculture, just created, will come from the south. Among those most prominently mentioned to be members are Senators Smith, of South Carolina; Fletcher, of Florida; and Ransdell, of Louisiana, and Representatives Lee, of Georgia, and Jacobway, of Arkansas.

This commission, now established by law, is the outcome of an idea of Senator Charles McNary, president of the National Farmers' union of Georgia. It is the outcome of a year of conferences between agricultural leaders in congress, at which the needs of the farmer were discussed, and the situation of agricultural conditions during the readjustment period. Realizing the future of the nation depended upon piecemeal probes and emergency measures, it was determined to make a study of the situation from the bottom of the troubles. Upon the findings of this will be based all future legislation affecting agriculture.

## MAN'S DEATH BY TRAIN ACCIDENT, SAYS JURY

After investigation of several witnesses failed to disclose any indication of foul play or suicide, a coroner's jury, empaneled to inquire into the cause of the death of W. T. Carter, of 54 York avenue, whose decapitated body was found early Thursday morning, reached a conclusion that the dead man had been the victim of an accident.

Carter's body, with the head and left arm severed by a freight train, was found on the Central of Georgia tracks between McCall's and Gammas crossings. The head and arm were found several yards away from the body.

Following the inquest, the belief was expressed that Carter had been run over by Central of Georgia train No. 94, which leaves the terminal station about 7:30 in the evening. The victim's watch was found to have stopped at 7:48 o'clock, presumably when the accident occurred.

Mrs. Ethel Carter, widow of the victim, and other witnesses, testified as to Carter's financial condition. It was said that he had recently sold a repair garage in West End, and had planned to build a new home this summer.

The funeral will be held at 8 o'clock this afternoon in the Park street Methodist church. Friends and family will be present. Burial will be in Mount Pleasant cemetery.

## ANOTHER OHIOAN SLATED FOR JOB AS PROH CHIEF

Washington, June 9.—Roy C. Haynes, of Hillsboro, Ohio, was understood today to be the administration's choice for prohibition commissioner to succeed John F. Kramer, also of Ohio.

Secretary Mellon discussed the appointment with President Harding today and indicated that selection would be made. Newton Fairbanks, of Springfield, Ohio, a brother of former prohibition commissioner, was under consideration for the post, but it was said tonight in administration circles that the definite decision had not been reached. Mr. Haynes, who is the editor of a newspaper in Hillsboro, Ohio, would be named.

## WELCOME READY FOR AD VISITORS

Continued from First Page.

the convention, advising against letting it get the "dry-run" after the big task of convention entertainment is over. He also expressed the opinion that Atlanta had the makings of the liveliest and most successful advertising club in the United States.

Following frequent facetious references to liquid entertainment for the visitors who will begin to swarm into the city Sunday morning, Charles Chalmers, chairman of the advertising organization, took occasion to deliver a stern and forceful talk against the presence of liquor at the convention. His remarks were loudly and longly applauded.

"No Drunks at Gathering."

"I know the remarks have been made before," he said, "but there is a serious side to it. We are going to entertain next week approximately 3,000 ladies and gentlemen. They are not coming here with anything on their hip and I am sure the Atlanta advertising men are not going to disgrace the idea of good southern hospitality by trying to make a drink-fest of the great occasion."

J. A. L. Oakes, executive secretary of the Advertising club in the Windy City, was introduced to the meeting Thursday and told the members of the Atlanta Ad club that there would arrive a delegation, 240 strong, from Chicago on Sunday morning. "I have been here for several days," he said, "and I am sure if they knew what a warm and friendly city Atlanta would consist of at least 250 men. There are 250 however, who will go away Atlanta boosters."

Delegate Harris, from Louisville, Ky., was another who was introduced. He made the announcement that Louisville will be in the running for the 1922 convention of the association. While giving the Atlantans this wise advance notice of the Kentucky city's intentions, Mr. Harris said that his former residence in Atlanta had been some years ago. He was office boy of Woodrow Wilson when the former president was practicing law in Atlanta.

Charles Chalmers gave vent to an appeal for the members' support to the baseball game Saturday afternoon between the Ad club of Atlanta and Miami. He called attention to the fact that things were all in readiness for the game, but that there had been no visible response from the Ad clubbers on support for it.

In connection with the work of the reception committee, the following list is printed, giving the time of arrival of various delegations and the stations at which they will arrive:

# Request Support State Delegation To Peace Congress

## BY CLARK HOWELL, JR., Constitution Bureau, Raleigh Hotel.

Washington, June 9.—(By Constitution Leased Wire.)—Following the meeting of the Evangelical Ministers' association of Atlanta, at which time the association went on record as favoring a general disarmament and the convention in Washington of a congress of nations, Georgia senators and representatives have received letters from W. H. Major, president, and James Morton, secretary of the organization, urging that they use their influence to bring about such congress.

The letter "requests that the American government call a congress of nations to meet at the city of Washington at the earliest possible date to consider the matter of general disarmament, and the things that will make for the lasting peace of the world."

## MAN'S DEATH BY TRAIN ACCIDENT, SAYS JURY

After investigation of several witnesses failed to disclose any indication of foul play or suicide, a coroner's jury, empaneled to inquire into the cause of the death of W. T. Carter, of 54 York avenue, whose decapitated body was found early Thursday morning, reached a conclusion that the dead man had been the victim of an accident.

Carter's body, with the head and left arm severed by a freight train, was found on the Central of Georgia tracks between McCall's and Gammas crossings. The head and arm were found several yards away from the body.

Following the inquest, the belief was expressed that Carter had been run over by Central of Georgia train No. 94, which leaves the terminal station about 7:30 in the evening. The victim's watch was found to have stopped at 7:48 o'clock, presumably when the accident occurred.

Mrs. Ethel Carter, widow of the victim, and other witnesses, testified as to Carter's financial condition. It was said that he had recently sold a repair garage in West End, and had planned to build a new home this summer.

The funeral will be held at 8 o'clock this afternoon in the Park street Methodist church. Friends and family will be present. Burial will be in Mount Pleasant cemetery.

## ANOTHER OHIOAN SLATED FOR JOB AS PROH CHIEF

Washington, June 9.—Roy C. Haynes, of Hillsboro, Ohio, was understood today to be the administration's choice for prohibition commissioner to succeed John F. Kramer, also of Ohio.

Secretary Mellon discussed the appointment with President Harding today and indicated that selection would be made. Newton Fairbanks, of Springfield, Ohio, a brother of former prohibition commissioner, was under consideration for the post, but it was said tonight in administration circles that the definite decision had not been reached. Mr. Haynes, who is the editor of a newspaper in Hillsboro, Ohio, would be named.

the convention, advising against letting it get the "dry-run" after the big task of convention entertainment is over. He also expressed the opinion that Atlanta had the makings of the liveliest and most successful advertising club in the United States.

Following frequent facetious references to liquid entertainment for the visitors who will begin to swarm into the city Sunday morning, Charles Chalmers, chairman of the advertising organization, took occasion to deliver a stern and forceful talk against the presence of liquor at the convention. His remarks were loudly and longly applauded.

"No Drunks at Gathering."

"I know the remarks have been made before," he said, "but there is a serious side to it. We are going to entertain next week approximately 3,000 ladies and gentlemen. They are not coming here with anything on their hip and I am sure the Atlanta advertising men are not going to disgrace the idea of good southern hospitality by trying to make a drink-fest of the great occasion."

J. A. L. Oakes, executive secretary of the Advertising club in the Windy City, was introduced to the meeting Thursday and told the members of the Atlanta Ad club that there would arrive a delegation, 240 strong, from Chicago on Sunday morning. "I have been here for several days," he said, "and I am sure if they knew what a warm and friendly city Atlanta would consist of at least 250 men. There are 250 however, who will go away Atlanta boosters."

Delegate Harris, from Louisville, Ky., was another who was introduced. He made the announcement that Louisville will be in the running for the 1922 convention of the association. While giving the Atlantans this wise advance notice of the Kentucky city's intentions, Mr. Harris said that his former residence in Atlanta had been some years ago. He was office boy of Woodrow Wilson when the former president was practicing law in Atlanta.

Charles Chalmers gave vent to an appeal for the members' support to the baseball game Saturday afternoon between the Ad club of Atlanta and Miami. He called attention to the fact that things were all in readiness for the game, but that there had been no visible response from the Ad clubbers on support for it.

In connection with the work of the reception committee, the following list is printed, giving the time of arrival of various delegations and the stations at which they will arrive:

# COLLEGE PARK TOPS CLOTHES DRIVE QUOTA

## BY CLARK HOWELL, JR., Constitution Bureau, Raleigh Hotel.

College Park has gone over the top in the drive for old clothes for the suffering Armenians, according to reports made Thursday by Mrs. S. T. Aderhold, chairman of the campaign in that city.

Over two truck loads of clothing have been sent into the headquarters of College Park and the woman's committee was directing the cleaning of barn to receive additional clothing which they have been informed will be sent in Friday. Monday morning when the campaign actually begins, all this clothing will be taken to the M. Rich & Bros. Co. store, which is the main headquarters.

Firemen at the various engine houses will receive bundles of Chief Cody has consented to send the bundles to Rich's in the fire trucks. In this way those wishing to contribute a bundle will not have to take it down town. Several large donations have already been received, both at Rich's and the sub-stations.

# Hamilton Gives Speakership Race Latest Change

## BY CLARK HOWELL, JR., Constitution Bureau, Raleigh Hotel.

As the moon changes, so does the speakership race for the house of representatives—though it may be added that the changes are more frequent.

With Cecil Neill, Judge Harper Hamilton and Howard Ennis still in the field, no one knows what will happen and who will guide the destiny of the new house—though it may be said that at least two of the candidates have an excellent idea of who will be elected.

Such is politics.

It's a matter of ups and downs. For instance, two days ago, Cecil Neill and Hub Ennis both thought they had the race all to themselves. From somewhere the rumor had come that Judge Hamilton had retired from the race, while it was an established fact that George Carwell and M. L. Johnson had left to search elsewhere for laurels.

Carwell and Johnson.

Representative Carwell found himself in a very short while in the expected announcement that he would be leader of the Hardwick forces on the house floor.

There was much rejoicing in the Ennis camp over Carwell's retirement, and the word went forth that only Neill was left to obstruct his path to the high seat.

But alas, Judge Hamilton is not out of the race. If one is to believe his statement of Thursday night, he is very much in the running and has a "clear view" of the situation of the campaign.

## Tender Eyebrows Worry Both Jack Dempsey and Carpentier

Edgren Remarks on Difference in the Training Methods at Camps of the Rivals.

BY ROBERT EDGREN.

New York, June 9.—Down at Atlantic City the Dempsey camp is worrying over that soft left eyebrow of Jack, which is slow at healing, because it has been out several times in training bouts before this.

Jamaica Kid ripped that eyebrow first at Toledo, three weeks before Dempsey met Willard at Toledo. A glancing left swing did the trick. It healed well enough to stand the training work after a few days of rest, but Dempsey's sparring partners were cautioned against musing up that eyebrow after.

They could hit Jack on the chin or the nose and he had no complaint, but he didn't want a half-healed eyebrow over his eye when he got into the ring with Willard. One of Willard's jabs might open it and while no real harm would be done, Dempsey would appear to be in bad shape and a little blood might influence the referee in giving a decision if the bout went the schedule twelve rounds.

Jack Must Look Good. While there's no decision in the coming Carpentier match, Dempsey doesn't care to look like a loser through having a cut over his left eye. Another thing, a severe cut along the eyebrow bleeding at times is likely to interfere with the sight of a fighter's left eye which is the eye nearest the enemy.

Most active in seeing blows in time to block, avoid or counter. That's why Jack has been punching with light and the heavy bags since last Sunday, has increased his road work and general training and cut out boxing.

It might be some consolation to Dempsey to know that Carpentier also has a left eyebrow that isn't as tough as sole leather. Looking anxiously at the Frenchman you may notice that he doesn't carry a scar of his trade in spite of his many fights except, and here you have to

## Six Clubs in American Contest St. Louis Browns Coming Fast

BY FUZZY WOODRUFF

Way back in 1908, the American league saw its most strenuous finish. Probably it was the greatest British ever fought in major league history for no less than four clubs entered the last week of the race with equal chances of taking the championship. In this bunch were Hugh Jennings' Detroit Tigers, Fielder Jones' Chicago White Sox, Napoleon LaJoie's Cleveland Naps, and Jimmy McAleer's St. Louis Browns.

The title went to Detroit, but only after the Tigers had so fought themselves out that they groined easy prey for the voracious Chicago Cubs in the world series. It was a strange baseball occurrence for those days—that victory of Detroit in the American league for the Tigers of the great clubs. The Browns did not possess a really fine class pitcher. Ed Walsh had made the Rube Waddell had pitched St. Louis to victory.

This year's American league race bids fair to rival that historic contest. Right now there are actually six of the great clubs in the American circuit in position to win the Yankees are leading Washington by a game and a half. Detroit is second, Cleveland has a bare lead over the Boston Red Sox, and Boston is trailing the Tigers a game and a half, while the same distance separates the Red Sox from the St. Louis Browns.

In short there is but six and a half game difference between Cleveland in first place and the Browns in sixth and there isn't a two game difference between any club and its nearest competitor.

With the pitching the Browns are doing, it is not unlikely that the biggest sort of a chance that within the next three weeks, they will be back with the biggest of the big boys.

AMERICANS

ELIMINATED

Glen Eagles, June 9.—(By the Associated Press.)—All the American entrants were eliminated from the fourth round of the golf tournament in the match play today.

Walter Hagen of Detroit, the only American survivor from the first round, was defeated in the second round by T. G. Renouf, of Manchester, three up and two to play.

Edward Ray, of Okech, the British, was defeated in the first round of the match play in the tournament, Emmet French, of Youngstown, Ohio, in a close match, two up and one to play.

The other American, Jack Hutchison, also was eliminated, having been defeated by Abe Mitchell, Great Britain, in an even closer match, the Britisher winning by one hole.

Matches among the British competitors in the tournament resulted as follows:

A. G. Havers defeated James Bead by one hole.

Joseph Kirkwood defeated Harry Vardon at the nineteenth hole.

Walter Hagen was much in the first round, defeating Josh Taylor, Great Britain, four up and two to play.

Joseph H. Kirkwood, the Australian open golf champion, defeated H. G. Havers, of Manchester, in the second round at the twentieth hole, and James Ockenden, of Rugby, defeated Edward Ray, of Okech, the holder of the American open championship, by two up and one to play.

HEINE GROH

REINSTATED

Chicago, June 9.—The application of Henry K. (Heine) Groh, former captain and third baseman of the Cincinnati National League Baseball club, for reinstatement to the active list, was granted today by K. M. Landis, commissioner of baseball.

"On the express condition, however, that Groh joins the Cincinnati team immediately and remains with it throughout the season."

Fight fans of Atlanta—and there are legion as well as Bill and Tom and Mike and Montgomery and Algonquin and Claire—who have been wishing for months to see Larry Avera flattened, have a fine chance of having their ambition realized Tuesday night at the next show at the Business Men's Athletic club.

Larry has been matched to go ten rounds with Jack Wagner, the sensational soldier from Camp Jessup. Wagner boxed at the B. M. A. C. twice. His assembled opponents have lasted nearly a round between the pair. There is no doubt in the world that he can hit and he is promising to hit Avera.

Walk Miller, who manages Larry and can see more pugilistic prowess in the blonde boy than all the rest of Atlanta put together, is confident that Larry will be able to outbox Wagner and probably put the crusher on him. Maybe so.

Anyhow Walk was around last night with a line of notes that would make the monkey cage at Grant park sound as sensible as a scratched record of the band scene from Lucile. Snelling, who manages Wagner, said Walk, "has been camping on my head and making so many bluffs as to what he would do that I have agreed to let Larry fight away five rounds for this and I've bet Snelling a good round sum that Wagner won't stop Larry."

Avera's weight can turn the trick, but anyhow Snelling has up to 145 for Larry. If he does make this weight, Larry will knock him "cuckoo."

The semi-windup will be between Tiger Flowers, Miller's pet colored middleweight, who Miller claims is the best man in the world for his weight, against Bill Truop, who weighs 198 and is the champion of Camp Benning. Captain J. Buckley, of Benning, personally recommends Truop, and Walk predicts that the "Tiger" will have his hands full for the whole ten rounds in this match.

Two other six-round matches will make up the card. Ladies will be admitted free as usual.

EAST POINT WINS FROM RANGERS, SCORE 9 TO 6

East Point, Ga., June 8.—(Special.)—East Point won their seventh straight game when they beat the Rangers Wednesday afternoon by the score of 9 to 6.

The features of the game were the hitting of McCone, Burk, and N. Allen, for the winners.

## Tickets Are Selling Rapidly For Ad Club Battle Saturday

Leftwich to Pitch for Inch Hounds—Game Officially Opens Ad Men's Convention.

"Six" Falvey is officially out of the local Ad Men's line-up. This announcement came last night from headquarters, but some of the grief was dispelled in the statement that Leftwich would start for the Inch Hounds against the Miami Ad club, the team that will dispute the locals' claims to titular consideration Saturday afternoon at Ponce de Leon ball orchard.

The loss of Falvey of course hurts the chance of the Atlanta club, but this Mr. Leftwich is no rank novice in the gentle art of slipping across fast ones that the opposition can't touch. He worked once before the Inch Hounds and performed brilliantly. He is in trim for the ordeal, and the locals still believe that Miami is going to be licked and badly at that.

Atlanta baseball fans are taking a keen interest in this battle, and word comes from several clubs and organizations that they are going to attend the game en masse. It is believed that hundreds of visiting club representatives will also be in attendance.

To Open Convention.

The game will officially open the convention of the Associated Advertising Clubs of the World. That much was gleaned from the meeting yesterday of the executive committee when it was decided to start the festivities from the time Chief Leftwich—one of the semine Indians the Miami delegation is bringing along—throws the first ball in the general direction of the home platter.

Allen Gottschaldt, captain of the Inch Hounds, who has made a careful study of the latest styles in scalps since word arrived that the Indians were coming, stated yesterday that the Braves would pitch camp on Marietta street early Saturday morning. He also asserted that war-dances, tomahawk parties and other stunts would be pulled off at Poncey by these full-blooded Redskins from the Everglades.

The proceeds from the game will go toward defraying the expenses of entertaining the thousands of delegates—a bill that is going to be large. Every dollar earned at the ball game will help to keep the sheriff's red flag from floating over the convention, and local fandom should come to the rescue.

Tickets on Sale.

Tickets have been on sale for several days and indications point to a fine attendance. They, pasted boards can be purchased at any downtown drug or cigar store, and all the members of the club are

carrying extra ones around to be sold at fifty cents each.

Joe Bean has been engaged to umpire the struggle and there will be little discussion over the matter of decisions. Coach Bean is thoroughly versed in the rules of baseball and no hitch is possible in this connection.

Headquarters for the Miami team have been established at the Ansley hotel, and it was stated there yesterday that the Floridians would reach Atlanta Saturday morning. Their train arrives too late to permit a work out, but as the team is a member of a league in Miami, where games are played every week, it is believed that the visitors will be in fine form for the struggle that awaits them.

The Inch Hounds worked out yesterday on the Marietta diamond and another brief practice round will be staged this afternoon, when the final line-up will be given out.

Remember that the game is the biggest thing on the local sport calendar for Saturday. Make your arrangements now to see these teams in action. The game will be well worth the money.

EAST POINT MEETS

STRONG HAVESVILLE

NINE WEDNESDAY

The East Point ball club is determined to continue their winning streak Saturday when they meet Havesville in the latter's park at Candler field.

By defeating the Ramblers last Wednesday East Point is still undefeated, having taken eight straight games, including Pack's All Stars of the fast teams of this city. Manager Spencer is to send "Long Tom" Thompson against the strong Havesville team, and expects him to come out as in all other games as winner. "Long Tom" has pitched four of the eight games, five wins and one loss, and is in the game. Big Chief Miller will assist "Long Tom" behind the plate.

With the hitting of Dick McConell and Home Run McDuffie, the former batting 750 and the latter 325, in eight games Havesville has better fence in their park. The East Point team is open for games on Wednesday and Saturday. Call Mr. Spencer, E. P. 105.

The East Point team will journey to Marietta Saturday week for a couple.

Camp Bureau Opens.

Those desiring to enlist for summer military training at Camp Jackson, South Carolina, do so at the booth maintained by the war department at Five Points for that purpose, where all pertinent information can be had.

Everything will be given free, including transportation both ways. The training period will last from July 15 until August 17 inclusive.

## ANOTHER FOR MRS. MALLORY

Beckenham, Kent, England, June 9.—(By the Associated Press.)—Mrs. Mollie Burdett Mallory, American singles tennis champion, defeated Miss M. Mackane today in the ladies' singles in the fourth round of the tennis tournament here, 6-1, 4-6, 6-1.

**POSES ON TRAIL OF BANK BANDITS**

Hamilton, Ala., June 9.—A large posse of armed citizens are scouring a swamp a short distance from Hamilton in an effort to apprehend two bandits who were immediately formed and are now searching for the robbers, one of whom was sighted and fired on late today, but it is not known whether he was hit. The two men have fled the woods presumably to cover their trail, which has been followed to a river, where it was temporarily lost just before dark tonight.

The automobile used by the robbers was taken from a farmer who was on his way to Hamilton this afternoon. After firing on the owner of the car, the bandits assaulted him with a club and tried to make him jump from a bridge into a river.

"S. D. A." was found by searchers in the woods this afternoon, and a mask also was picked up. Bloodhounds are expected tonight to take up the trail.

Hamilton, Ala., June 9.—A large posse of armed citizens are scouring a swamp a short distance from Hamilton in an effort to apprehend two bandits who were immediately formed and are now searching for the robbers, one of whom was sighted and fired on late today, but it is not known whether he was hit. The two men have fled the woods presumably to cover their trail, which has been followed to a river, where it was temporarily lost just before dark tonight.

The automobile used by the robbers was taken from a farmer who was on his way to Hamilton this afternoon. After firing on the owner of the car, the bandits assaulted him with a club and tried to make him jump from a bridge into a river.

"S. D. A." was found by searchers in the woods this afternoon, and a mask also was picked up. Bloodhounds are expected tonight to take up the trail.

WHAT ARE KRYPTOK BIFOCALS?  
They are a combination of glass, allowing you to see both near and far with one solid glass. No removing your reading glass to see distant objects; no seams, lines or blisters to worry you or attract attention of others to your age. Absolutely invisible while on the face, they have proven a revelation to thousands who have come to us for them. 'Why are we successful with Kryptoks? Because we are extremely careful in the examination of your eyes, the correct grinding of the glass, and perfect adjustment of frames to each individual face, all of which is absolutely necessary to insure comfort and appearance. If you have Kryptoks bought elsewhere and cannot use them, bring them to us and we will find the trouble. Ask the better oculists or any of our patients what the Ballard service is to the public.

**ATKINS PARK LOTS**  
We have three unsold building lots located on the south side of St. Louis Place (this is the side where the ground is elevated); and we have decided to let these lots go for \$2,500 each. One lot is situated next to L. F. Montgomery's residence; the other two just beyond the new two-story brick dwelling.  
These lots have a frontage of 69 ft., running back 100 ft. to a wide alley; being in a restrictive residential community having all improvements, they are well adapted for high-class bungalows or duplex dwellings.  
We also have the two corners at St. Louis Place and Highland Ave., with a frontage of 68 ft. and will sell, either of these corners at \$3,000.
